## Access C-Crane Personnel Hoist

The Access C-Crane Personnel Hoist comes as part of each Access Wheelchair user Transfer Dock/Pontoon system. The hoist can be purchased separately for fitting to your own pontoon or jetty.

This series of photos shows Eddie being safely transferred from his wheelchair to an Access 303 dinghy using an Access T-type wheelchair users transfer dock/pontoon, an Access C-Crane personnel hoist and an Access harness.

There are several variations of the transfer dock/pontoon such as the H-type that give extra stability or the extension walkways to give extra reach.

**Make your club water fully accessible to the disabled members of your community  
with the Access range of boats' pontoons and hoist.**
